

# BT7540

## INTERFACE ADAPTOR ARMS FOR VESA® 300 X 200 & 400 X 200

Designed to increase the VESA mounting pattern of smaller mounts to accommodate larger screens, the BT7540 allows VESA 200 fixings to be increased to VESA 300 or 400. These adaptor arms keep the depth of the install to a minimum and can be used with a large variety of existing B-Tech products. All mounting hardware included.

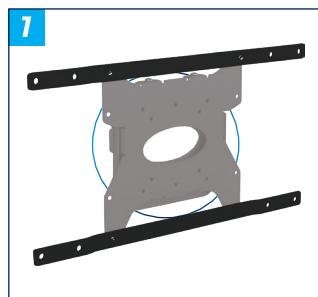

### SPECIFICATIONS

VESA® compatibility	<b>300 x 200 and 400 x 200</b>
Max load	Dependant on mount to which the <b>BT7540</b> is attached
Depth increase to the install	<b>7mm</b>
Colour	<b>Black</b>

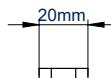

### FEATURES

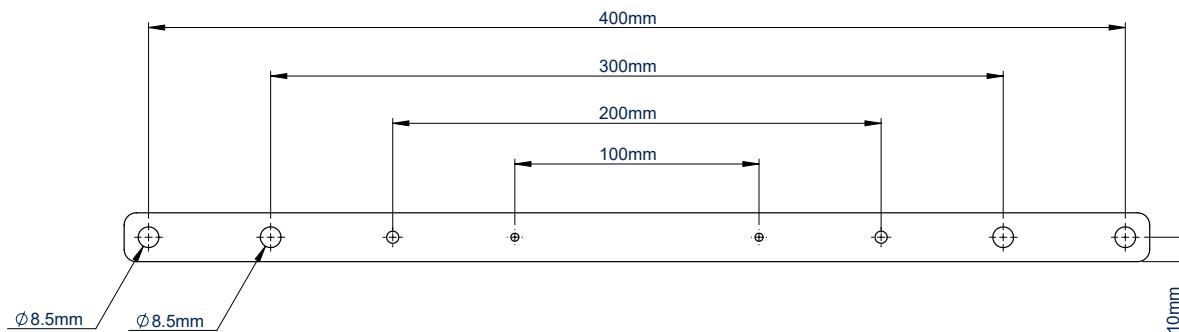

- 1** Attaches to VESA 200 interfaces, increasing VESA mounting range to VESA 300 x 200 or 400 x 200
- 2** Use 2 sets of BT7540 to increase VESA mounting pattern to 400 x 400mm
- MB screen fixing screws included
- Arms can also mount to a VESA 100mm mount if necessary
