## KEY-A, KEY-S - Surface or Flush 2-Position Key Switches

### Product Description

This 2-position key switch range are available in architrave (KEY-A) or in standard UK single gang size (KEY-S). Both key switches come in flush or surface mounting.

The faceplates are manufactured of 304 grade stainless steel and are laser engraved with "ON" and "OFF" for durability. Surface units are provided with an aluminium shroud finished in brushed stainless steel and supplied with 2 x stainless steel screws.

Both, the KEY-A or the KEY-S series are available as keyed alike or keyed to differ to suit any installation requirement.

### Key Features

- Standard or architrave 2-position key switches
- Supplied with two keys
- Keyed alike or keyed to differ
- Double pole
- Momentary or maintained versions
- Available in flush or surface
