

Datasheet

GF - Stainless Steel Door Loops 45 or 60 cm

Product Description

CDVI's GF range of door loops offers a safe and secure method of transferring cables from a fixed point, such as door frame onto the door leaf.

All models feature a stainless steel loop for better protection, and all have a minimal internal diameter of 9 mm which is sufficient to handle the most common cables used in door locking/control.

Key Features

- GF45: 45 cm
- GF60: 60 cm
- Cable/power management
- Easy to install
- 9 mm internal diameter
- Economical and vandal resistant

 Certification

 DEEE

RoHS Certification

 IK10
