Datasheet

CDV-96KP - 2-Wire 1-Button Video Door Station with Built-in Keypad

Product Description

The CDV-96KP is a stainless steel door station with one call button and built-in touch-sensitive keypad, 170º fisheye camera, speaker, and microphone. It also features audible operation annunciation such as "call is in progress". In addition, it can be utilised as a secondary entrance panel calling one specific monitor address only on a multiway entry system.

Part of the 2EASY range, the CDV-96KP is compatible with all 2EASY 2-Wire system models and is included in the CDV-4796KPA-DX kits.

The modern stainless steel finish suits many environments and offers a secure entry solution to your building.
