

## Datasheet

### CDV-PC9 - Power/Bus Combiner Module

#### Product Description

The CDV-PC9 is a power/bus combiner unit for the 2EASY 2-Wire video door entry system.

It provides power and communications across the bus for the door station and internal monitor.

It supports up to 4 monitors and 4 entry panels and other 2EASY accessories on a single user system. (For larger systems, please contact [CDVI Technical Support](#))

*Note: The CDV-PC9 supersedes the CDV-PC7.*

#### Key Features

- Easy plug-in bus connection
- Standard full range AC input
- 2-wire video entry technology
- Supports up to 4 monitors and door stations
- Built-in power isolation
- Multi-current protection
- DIN rail mount

 Certification

 DEEE

 Certification

 -10°C to 50°C

## Product Specifications

<b>Mounting:</b>	DIN Rail
<b>Technology:</b>	2-wire, no polarity
<b>Protection:</b>	Short circuit, overload & overcurrent
<b>Cable type:</b>	Belden 8471, 16AWG (recommended)
<b>Weight:</b>	306 gr

## Electrical Specifications

<b>Power input:</b>	100-240 Vac, 50-60Hz, 1A
<b>Power output:</b>	28V, 1.3A
<b>Power rating:</b>	36W
<b>Power isolation:</b>	Built-in
