

Wireless Accessories

The EURO and Enforcer Wireless Accessories.
One family of accessories for both systems.

EURO Range

The EURO and Enforcer range have a host of wireless accessories. From security sensors and external sounders, to safety sensors and setting devices, you have access to a wide wireless range for all your requirements.

Furthermore the wireless input expander (EURO-ZEM32-WE) makes hybrid a reality by connecting the EURO commercial panels and the multi award winning Enforcer two-way wireless range.

The Wireless Accessories

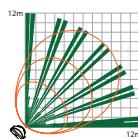

Every peripheral shown on this page will operate with either the EURO 46, 162 or 280 (with the use of the EURO-ZEM32-WE) or the Enforcer range of control panels.
